Service Guarantees

Courier Shipments

If Purolator delivers a guaranteed Courier Shipment after the applicable guaranteed delivery time on the applicable guaranteed delivery day, Purolator will, upon request by the Customer, refund or credit (at Purolator's option) the Service Rate and Taxes (excluding any Additional Charges and Customs Clearance Charges) paid by the Customer to Purolator in respect of the Shipment (see "Refunds for Purolator Service Guarantees"). If Purolator cannot deliver a guaranteed Courier Shipment on the applicable guaranteed delivery day, delivery will take place by End of Day on the business day specified by Purolator.

The following limitations apply to guaranteed Courier Shipments:

- (i) The Shipment destination must be an eligible guaranteed delivery point from the point of origin for the applicable guaranteed service. If a Shipper selects an ineligible guaranteed delivery point from the point of origin for the applicable guaranteed service, the guarantee for such Shipment will be deemed to be: (a) in the case of Purolator Express Shipments travelling within Canada, End of Day; and (b) in the case of Shipments travelling to Canada from the U.S. or the rest of the world (and vice-versa), the next best service guarantee available from such origin point to such delivery point (e.g., if Purolator Express U.S. 9AM is selected but not an eligible guaranteed delivery point, and Purolator Express U.S. 10:30AM and Purolator Express U.S. (i.e., End of Day) are eligible guaranteed delivery points, the guarantee will be deemed to be a Purolator Express U.S. 10:30AM guarantee). In the case of Purolator Ground Shipments travelling within Canada, if a Shipper selects an ineligible guaranteed delivery point from the point of origin for a particular Purolator Ground service, delivery will be deemed to be End of Day and the Shipment will travel as Purolator Ground (i.e., End of Day), to which no guarantee applies. Please contact Purolator for details.

- (ii) The delay must not be caused by some event beyond Purolator's control, including but not limited to, those items described in "Liability of Purolator – Events Beyond Purolator's Control".
- (iii) The Shipment must not be left in a Purolator "Drop Box" after the posted pickup time; must not require pickup after local cut-off times; and must not be tendered to Purolator after local cut-off times.
- (iv) Each Piece in the Shipment must weigh no more than 70 lbs (approx. 32 kg) for the service guarantee to apply.
- (v) There must be a record of scanning activity for the Shipment, indicating it has actually been inducted into the Purolator network.
- (vi) The Shipment must be tendered to Purolator with a Bill of Lading generated using an Automated Shipping System. The Bill of Lading must be acceptable and contain the correct and sufficient information for delivery (see "Tendering Shipments to Purolator"). No Shipment tendered to Purolator with a manual Bill of Lading shall be entitled to any guarantee.

In addition to the limitations noted above, the following conditions apply:

- (i) The service guarantee may be suspended, modified or revoked at Purolator's sole discretion.
- (ii) The service guarantee will not apply to the following Shipments:
 - a) Dangerous goods Shipments (see "Purolator Specialized Services – Dangerous Goods (Hazardous Materials)");
 - b) COS Shipments (see "Purolator Specialized Services – Chain of Signature");
 - c) Heavyweight Shipments (see "Tendering Shipments to Purolator – Heavyweight");
 - d) Residential Heavyweight Service ("see "Tendering Shipments to Purolator – Residential Heavyweight Service");

- e) Shipments originating from or destined to points deemed by Purolator to be remote, where such points are not serviced directly by Purolator;
 - f) Undeliverable or returned Shipments;
 - g) Shipments exceeding Purolator's size limitations (see "Shipment Acceptance Policy – Size Limitations");
 - h) Shipments that require special handling; and
 - i) ASR Shipments where delivery was not completed due to failure of the Receiver to provide Proof of Age.
- (iii) In the event that at least one (but not all) of the Pieces in a guaranteed Courier Shipment are not delivered in accordance with the applicable service guarantee, Purolator will, at its option, refund or credit a Customer, upon request, an amount equal to the difference between (a) the Service Rate of the original Shipment and (b) the Service Rate that would have applied if the original Shipment was made up of only the Piece(s) that was/were delivered in accordance with the applicable service guarantee.
- (iv) For details about the applicable geographic and other service limitations as may be determined by Purolator from time to time, please contact Purolator.

Refunds for Purolator Service Guarantees

Purolator reserves the right, at its sole discretion, to refuse a request for a refund or credit of shipping charges for any Shipment, when such request is made by any party other than the payer of the shipping charges. To obtain a refund or credit where applicable in accordance with Purolator's service guarantee(s), Customers should call the telephone number on their invoice and be ready to provide their Bill of Lading number. Purolator must receive a request for refund or credit in respect of a Shipment to which a delivery service guarantee applies within 45 calendar days after Purolator's acceptance of the Shipment for carriage.

Unless otherwise indicated, the following Purolator Specialized Services may be added to any Shipment for an additional charge. Other specialized services may be available upon request. Pursuant to the Purolator Rate Guide, if there are multiple Dangerous Goods (Hazardous Materials) surcharges which would apply to a particular Shipment, it is only the Dangerous Goods surcharge that has the highest value, amongst all the applicable Dangerous Goods surcharges, that would be applied to the Shipment.

Purolator will accept certain dangerous goods (hazardous materials) for carriage provided that they are properly packaged to ensure safe carriage in accordance with all applicable laws including, without limitation, the Transportation of Dangerous Goods Act (Canada) and the regulations promulgated thereunder, and the ICAO Technical Instructions.[†] Purolator reserves the right to refuse dangerous goods for carriage where they cannot be accepted in accordance with applicable laws. Purolator shall not accept Shipments of fully regulated dangerous goods, as described in regulations promulgated under the Transportation of Dangerous Goods Act (Canada) regulations, from non- Account Customers. This service is not available with Purolator Standard™ TL/LTL. The additional charge that is applied to each Shipment containing dangerous goods is non-refundable. When appropriate pursuant to the Purolator Rate Guide, both Dangerous Goods (Hazardous Materials) and Special Handling surcharges (see "Purolator Specialized Services – Special Handling") may be applied to a Shipment.

Dangerous goods cannot be accepted for carriage to points that are deemed by Purolator to be remote, where such points are not serviced directly by Purolator (see “Shipping Charges – Beyond Point”). For information on shipping limited quantities/consumer commodities, please contact Purolator.

Chain of Signature (COS)

Purolator’s COS service may be used to effect the transportation of certain controlled drugs and firearms within Canada. As COS Shipments travel through Purolator’s distribution and sorting system, authorized Purolator employees sign the COS Bill of Lading at each point through the system. Only pre-authorized Customers may send COS Shipments. In addition, Shippers must identify COS Shipments to Purolator before they are tendered to Purolator. A COS Bill of Lading displaying a full description of the contents of the Shipment and a COS Service Identifier must be applied to the Shipment by the Shipper. The COS service is not available with Saturday Service or to delivery points that are deemed by Purolator to be remote, where such points are not serviced directly by Purolator.

ExpressCheque®

ExpressCheque is a collect-on-delivery service whereby Purolator will collect payment from the Receiver, on behalf of the Shipper, at the time a Shipment is delivered. ExpressCheque is available from most points in Canada for delivery to most points in Canada. When a Shipper elects the ExpressCheque service, Purolator will only release the Shipment to the Receiver if Purolator is able to collect payment. The following conditions apply to the ExpressCheque service:

- (i) Purolator will not accept payment in cash. Only cheques (including post-dated cheques and certified cheques), bank drafts or money orders will be accepted. Purolator assumes no responsibility for ensuring that the Receiver complies with the form of payment requested by the Shipper and assumes no liability in respect thereof.
- (ii) The Shipper is required to advise the Receiver of the amount of any cheque (including post-dated cheque and certified cheque), bank draft or money order

required prior to delivery by Purolator, and such cheque, bank draft or money order must be made payable to the Shipper.

- (iii) All cheques (including post-dated cheques and certified cheques), bank drafts and money orders tendered as payment for an ExpressCheque Shipment will be accepted by Purolator at the Shipper's risk including, but not limited to, the risk of such cheque, bank draft or money order: (a) not being honoured; (b) being a fraud or forgery; or (c) being declared invalid.
- (iv) Purolator's liability in the event of loss of, damage to or delay in the delivery of an ExpressCheque Shipment, regardless of the manner in which such loss, damage or delay occurs, is limited to a refund of the Service Rate and the ExpressCheque surcharge.
- (v) If the Receiver is unable or unwilling to provide payment for the Shipment, or if the Receiver refuses to accept delivery of the Shipment for any reason, Purolator will not complete delivery of the Shipment. The driver will return the Shipment to the nearest Purolator facility, and Purolator will contact the Shipper for further instructions. If the Shipment is returned to the Shipper, such return will be at the Shipper's expense.
- (vi) Purolator does not become the Shipper's agent for any purpose by virtue of performing the ExpressCheque service.

Hold For Pickup

For Courier Shipments destined for delivery in Canada, a Shipper may request that the Shipment be held at an authorized Purolator location for in-person pickup (in lieu of having the Shipment delivered to the delivery address indicated on the Bill of Lading) by ensuring that a "Hold For Pickup" Service Identifier is on the Shipment. Purolator will notify the Receiver by telephone when the Shipment is available for pickup. For select points in Canada, Purolator may elect to deliver the Shipment to an authorized Purolator location for in-person pick up and will notify the Receiver that the Shipment is being held for pickup. Where a Receiver is not available to accept a delivery attempt by Purolator, or in the case of an ASR Shipment where the Receiver is not able to provide Proof of Age

during a delivery attempt by Purolator, the Shipment will be held at an authorized Purolator location for in-person pickup.

Shipments held for pickup will be held at the authorized Purolator location up to five business days. If the Receiver fails to pick up the Shipment during this time, Purolator may return the Shipment to the Shipper at the Shipper's expense.

The following conditions apply when picking up a "Hold For Pickup" Shipment:

- (i) If the Receiver is an individual, the Receiver or an individual residing at the same address as the Receiver, must present a valid piece of government-issued photo identification with proof of address.
- (ii) If the Receiver is a company, an individual authorized by the Receiver must present a valid piece of government-issued photo identification and a signed letter of authorization printed on the receiving company's letterhead.
- (iii) If the Receiver (whether an individual or company) authorizes a third party to pick up the Shipment on the Receiver's behalf, such third party must present a valid piece of government-issued photo identification and a signed letter from the Receiver, which references the Shipment's package identification number and authorizes Purolator to release the Shipment to such party. Purolator may also release a Shipment to a third party that lives at the same address as the Receiver, provided that such third party presents a valid piece of government-issued photo identification that shows they live at the same address as the Receiver. Notwithstanding the foregoing, Purolator may, in its sole discretion, refuse to release a Shipment to anyone other than the Receiver of the Shipment named on the Bill of Lading.
- (iv) For an ASR Shipment, in addition to satisfaction of the applicable conditions set forth above, Proof of Age must be provided.

Notwithstanding the foregoing, Purolator may, in its sole discretion, refuse to release a Shipment to anyone other than the Receiver of the Shipment named on the Bill of Lading.

When picking up a Hold For Pickup Shipment that was sent using Purolator's collect service or third party billing service, the Receiver (or authorized third party) will be required to pay all Shipment charges at the time of pickup if such Receiver (or authorized third party) does not have a valid Purolator account.

Residential Heavyweight Service

For Shipments weighing over 70 lbs delivered to or picked up from a Residence, a Special Handling surcharge and a Residential Heavyweight Service surcharge will apply (see "Tendering Shipments to Purolator – Residential Heavy weight Service").

Return Services

Purolator offers Customers the ability to create return shipping labels, whether for inclusion with an outbound Shipment (referred to as "Outbound Return Service") or without an associated Shipment (referred to as "Returns Management Service"). Return shipping labels must be prepared using an Automated Shipping System. There is no additional charge for generating a return shipping label. Customers will be invoiced the applicable Service Rate and any Additional Charges and Taxes when a Shipment bearing a return shipping label travels through Purolator's courier distribution system. The Service Rate, Additional Charges and Taxes that will be applied to a return Shipment will be those in effect at the time the Shipment is tendered for carriage. The return services are only available for Shipments travelling within Canada. Return services are not available for the Adult Signature Required (ASR) service.

Saturday Service

Purolator will accept Purolator Express Shipments travelling within Canada for delivery by End of Day on Saturday or pickup on Saturday for delivery by End of Day on the business day specified by Purolator. Purolator will accept Purolator Express Shipments travelling to Canada from the U.S. or the rest of the world for delivery on Saturday. Saturday delivery is also available for Purolator Express

Shipments travelling from Canada to select points in the U.S. Where Saturday Service is selected, an additional charge will be applied. If Purolator delivers a Saturday Service Courier Shipment after the applicable guaranteed* delivery time, Purolator will, upon request by the Customer, refund or credit (at Purolator's option) the Saturday Service charge (but excluding the Service Rate, Taxes and other Additional Charges) paid by the Customer to Purolator in respect of the Shipment (see "Refunds for Purolator Service Guarantees").

The following limitations apply to Saturday Service:

- (i) The Shipment destination must be an eligible Saturday Service guaranteed delivery point from the point of origin.
- (ii) The delay must not be caused by some event beyond Purolator's control including, but not limited to, those items described in "Liability of Purolator – Events Beyond Purolator's Control".
- (iii) The Courier Shipment must not be left in a Purolator Drop Box; must not require pickup after local cut-off times; and must not be tendered to Purolator after local cut-off times.
- (iv) A Saturday Service Courier Shipment cannot be converted, upgraded or modified to any other service (e.g., to a Purolator Express 9AM or a Purolator Express Evening Shipment). In the event that a Customer successfully converts, upgrades or modifies a Saturday Service Courier Shipment to any other Purolator service, an additional charge shall be applied and in no event shall the Shipment be entitled to any Service guarantee.
- (v) Each Piece in the Shipment must weigh no more than 70 lbs (approx. 32 kg) for the Saturday Service guarantee to apply.

In addition to the limitations noted above, the following conditions apply:

- (i) The Saturday Service guarantee may be suspended, modified or revoked in Purolator's sole discretion.
- (ii) Purolator will not accept the following Courier Shipments for Saturday Service:

* For details, see the "Service Guarantees" section in these Terms and Conditions.

- a) Dangerous goods Shipments (see “– Dangerous Goods (Hazardous Materials)”);
 - b) ExpressCheque Shipments (see “ExpressCheque”);
 - c) COS Shipments (see “– Chain of Signature”);
 - d) Heavyweight Shipments (see “Tendering Shipments to Purolator – Heavyweight”);
 - e) Residential Heavyweight Service (see “Tendering Shipments to Purolator – Residential Heavyweight Service”); and
 - f) Shipments exceeding Purolator’s size limitations (see “Shipment Acceptance Policy – Size Limitations”).
- (iii) The Saturday Service guarantee will not apply to the following Shipments:
- a) Shipments originating from or destined to points deemed by Purolator to be remote, where such points are not serviced directly by Purolator; and
 - b) Undeliverable or returned Shipments.
- (iv) In the event that at least one (but not all) of the Pieces in a guaranteed Saturday Service Shipment are not delivered in accordance with the Saturday Service guarantee, Purolator will, at its option, refund or credit the Customer, upon request, an amount equal to the Saturday Service charge that was applied to the original Shipment.
- (v) For details about the applicable geographic and other service limitations, as may be determined by Purolator from time to time, please contact Purolator.

Signature Required/Signature Not Required (SNR)

Shippers and Receivers may request that Purolator obtain a signed proof of delivery for Shipments.

Any Courier Shipment destined for delivery in a Canadian Residential Area prepared using a manual Bill of Lading (that was not prepared using an Automated Shipping System) travels as a Shipment requiring a signature, and will be subject to the Residential Area charge, not the Signature Required (Residential) charge.

Any Courier Shipment prepared using an Automated Shipping System that is destined for delivery in a Canadian Residential Area travels as a Shipment not requiring a signature, unless the Customer selects that the Shipment requires a signature, in which case the Signature Required (Residential) charge will apply.

Any Courier Shipment destined for delivery in Canada (other than in a Residential Area) travels as a Shipment requiring a signature at no additional charge.

Receivers that do not require a signed proof of delivery may waive this requirement for one or all future Courier Shipments destined to their delivery address by signing up for Purolator’s SNR service by completing a “Customer’s Authorization to Waive Delivery Signature Form – Single Shipment Use Form” or “Customer’s Authorization to Waive Delivery Signature Form - Multiple Shipment Use Form”.

Where a Shipper waives this requirement for one or all future Courier Shipments, it is referred to as Purolator’s Origin Signature Not Required (O-SNR) service. The Shipper may alternatively provide Purolator with electronic authorization for the O-SNR service if the Shipment is prepared using an Automated Shipping System. Each Piece in an O-SNR Shipment must display the O-SNR Service Identifier.

Where the SNR or O-SNR service is elected, Purolator may leave Shipment(s) at the Receiver’s address unattended and without obtaining a signed proof of delivery, and the Shipper and the Receiver are bound by the liability release in favour of Purolator contained in the above-mentioned authorization forms. For greater certainty, the Shipper and the Receiver release and indemnify Purolator, on a joint and several basis, from and against any claims or liabilities resulting from the delivery of a SNR or O-SNR Shipment.

The SNR service will override a Shipper’s request for a signature. Upon request, Purolator will reimburse any Shipper, within 45 days of Purolator’s acceptance of the Shipment for carriage, for the difference between the Signature Required charge paid (if any) and the Residential Area charge that would have otherwise been payable in respect of such Shipment (see “Shipping Charges – Residential Area”). If the Signature Required charge is less than the Residential Area charge that would have otherwise been payable in respect of such Shipment, the Shipper will not receive any reimbursement. Please contact Purolator for details.

Notwithstanding the foregoing, the following services will always travel as a Shipment requiring a signature and are

not eligible for the SNR or O-SNR service:

- (i) Purolator Express Evening Shipments;
- (ii) Purolator Ground Evening Shipments;
- (iii) Dangerous Goods Shipments, including limited quantities/consumer commodities;
- (iv) ExpressCheque Shipments;
- (v) COS Shipments; and
- (vi) Adult Signature Required Shipments.

For Shipments travelling from Canada to the U.S. and the rest of the world, such Shipments may travel as Shipments requiring a signature (see "Delivery of Shipments – Driver Release for Shipments to the U.S. and Rest of World"). Please contact Purolator for details.

Adult Signature Required (ASR)

Adult Signature Required (ASR) is a service offered for Courier Shipments within Canada requiring Proof of Age from a Receiver at the destination address. For ASR deliveries at the destination address, a Receiver must present valid government-issued photo ID with Proof of Age at the time of delivery. If valid government-issued photo ID with Proof of Age is not presented at time of delivery, an ASR Shipment cannot be released and will be routed to an authorized Purolator location for in-person pickup. An ASR Shipment that is held for pickup will be released in accordance with Purolator's Hold for Pickup policy (see "Hold for Pickup") and upon verification of Proof of Age at the hold for pickup location.

In addition, the following conditions apply to ASR services:

- ASR service is only offered for Shipments created using certain Automated Shipping Systems and is not available as an option when shipping using a manual Bill of Lading.
- ASR service is not available for international shipments inbound into Canada or outbound from Canada, Same Day or Freight services, dangerous goods Shipments, Chain of Signature service, ExpressCheque service, return services, or where a Shipper has elected for O-SNR service.

- If a Receiver has subscribed for Purolator's SNR service, ASR service will override SNR service such that the ASR Shipment will not be left unattended at the Receiver's address.
- When ASR service is selected for delivery to a Residential Area, only the ASR charge will apply and neither the Signature Required (Residential) nor Residential Area charges will apply.

Special Handling

Purolator may accept Courier Shipments that require special handling. All Courier Shipments that require special handling will not be eligible for Purolator's service guarantees. Where a Shipment requires special handling, an additional charge will be applied, including, without limitation, if the Shipment falls within the following categories:

- (i) Additional Handling:
 - a. Shipments with outer packaging made of wood or metal, or bundled together with metal strapping;
 - b. Shipments that contain high-risk items, which are not packaged according to Purolator's accepted standards (see "Packaging Guidelines" in the Purolator Service Guide) and are deemed high-risk at Purolator's discretion;
 - c. Non-packaged (unboxed) articles (excluding Purolator Express Envelopes, Purolator Express Packs, Purolator Express Boxes and document Shipments); or
 - d. Objects not fully encased in a suitable shipping container (e.g. tires, pails, and duffle bags) or not packaged according to Purolator's accepted standards (see "Packaging Guidelines" in the Purolator Service Guide).
- (ii) Oversized: Packages that weigh more than 70 lbs (approx. 32 kg), but less than or equal to 150 lbs (approx. 68 kg), or their longest side measures more than 48" (approx. 122 cm) and less than or equal to 108" (approx. 274 cm);
- (iii) Residential Area Heavyweight: Packages that are considered heavyweight items for standard residential area pickup or delivery because they weigh more than 70 lbs (approx. 32 kg) and less than or equal to 150 lbs (approx. 68 kg);

- (iv) Large Package: Packages that measure between 130" (approx. 330 cm) and 165" (approx. 419 cm) in total overall Piece size;
- (v) Over Maximum Limit: Packages that are over the maximum limit because they weigh more than 150 lbs (approx. 68 kg), measure more than 165" (approx. 419 cm) in total overall Piece size, or their longest side measures more than 108" (approx. 274 cm); and
- (vi) Flat Package: Packages that have their longest side measure more than 18" (approx. 45 cm) and their shortest side measure less than or equal to 2" (approx. 5 cm).

Please see Purolator's published Rate Guide for current surcharge details for all Special Handling categories outlined above. Purolator retains sole discretion of which items are deemed as requiring Special Handling. Purolator reserves the right not to accept any Packages in its courier network that weigh more than 150 lbs (approx. 68 kg) or measure more than 165" (approx. 419 cm) in total overall Piece size because they are considered over the maximum limit. If such a Package is found in the Purolator courier network, a Special Handling surcharge will be applied. The formula for calculating total overall Piece size is: length + (width x 2) + (height x 2). Note that additional fees may also be charged on certain shipments to non-residential postal codes. When appropriate pursuant to the Purolator Rate Guide, both Special Handling and Dangerous Goods (Hazardous Materials) surcharges (see "Purolator Specialized Services – Dangerous Goods (Hazardous Materials)") may be applied to a Shipment. If there are multiple Special Handling surcharges which would apply to a particular Piece, it is only the Special Handling surcharge that has the highest value, amongst all the applicable Special Handling surcharges, that would be applied to the Piece. Surcharges will also apply to Packages that must be re-packaged because their original packaging is deemed inadequate at Purolator's discretion. The payment of Special Handling charges in respect of a particular Courier Shipment does not affect Purolator's maximum liability stated in these Terms and Conditions or the classification of such Courier Shipment travelling at the Shipper's risk (see "Tendering Shipments to Purolator – At Shipper's Risk").

For the maximum valuation of a claim for loss or damage to a Shipment for which a Customer has declared a value, see "Valuation of Claim for Loss or Damage". In no event

shall Purolator pay a claim for a declared value that exceeds the actual value of the lost or damaged Shipment. For greater certainty, the declared value surcharge does not constitute insurance but rather an increase in Purolator's limitation on liability (see "Liability of Purolator – Maximum Liability").

Fuel Surcharge

Purolator's fuel surcharges are set as follows:

- Courier Shipments – Purolator reserves the right to apply fuel and other surcharges to all Shipments regardless of destination or selected mode of carriage for such periods and in amounts as Purolator may determine appropriate, in its sole discretion. By tendering your Shipments to Purolator, you agree to pay all applicable surcharges, as determined by Purolator. The fuel surcharge is set monthly and fluctuates based on the four-week average price of diesel calculated by Purolator using the weekly average prices reported by the Ministry of Natural Resources Canada. Changes are effective the first Monday of each month and are posted at purolator.com approximately two weeks prior to the effective date. The fuel surcharge for Courier Shipments, other than Purolator Same Day Shipments, will be applied to the sum of the Service Rate, and Express Cheque, Signature Required (Residential), Saturday Service, Beyond Point and Residential Area surcharges. The fuel surcharge for Purolator Same Day Shipments will be applied to the sum of Service Rate and Special Van Request. Other Additional Charges, Taxes and Customs Clearance Charges are excluded from the calculation.
- Freight Shipments – Purolator reserves the right to apply fuel and other surcharges to all shipments regardless of destination or selected mode of carriage for such periods and in such amounts as Purolator may determine appropriate, in its sole discretion. By tendering your shipments to Purolator, you agree to pay all applicable surcharges, as determined by Purolator. The fuel surcharge is set on a weekly basis. Each Monday, a new fuel surcharge is effective which fluctuates based on the price of diesel fuel (without GST) reported the previous Thursday by the Freight Carriers Association of Canada. The actual fuel

surcharge that will be applied to a particular Shipment will depend on whether the Shipment is an LTL Shipment (with a billed weight of up to and including 10,000 lbs approx. 4,536 kg) or a TL Shipment (with a billed weight of over 10,000 lbs (approx. 4,536 kg)). The fuel surcharge applies to all Freight Shipments and will be applied to the Service Rate plus all fuel-consuming Additional Charges including, without limitation: Redelivery; Redirect in Transit; Protect from Freezing; Stop-Off; Trailer Spotting; and Attempted Pickup (Vehicle Furnished But Not Used).

Redelivery

An additional charge will be applied to any Shipment that is required to be redelivered where Purolator, through no fault of its own, was unable to complete delivery on the first attempt. This charge will be applied for each subsequent delivery attempt by Purolator. This additional charge applies to both Courier and Freight Shipments.

Redirect in Transit

An additional charge will be applied to any Shipment requiring a change of delivery address while in transit, requested by either the Shipper or the Receiver (if permitted*), with the requester having to pay the additional charge. This additional charge applies to both Courier and Freight Shipments.

Courier Shipments

Unless otherwise indicated, the following Purolator shipping charges may be applied to any Courier Shipment (other than Purolator Same Day Shipments). Please refer to Purolator's published list rates available at purolator.com for details.

Multipiece®

An additional charge will be applied where five or more Pieces are sent on the same day and at the same time from one Shipper to one Receiver at one address under a single Bill of Lading, and the charges are billed to one Customer. This charge will be calculated as follows: (# of Pieces in Shipment – 4) x (3.0%) x (applicable Service Rate). Please contact Purolator for details.

Residential Area

An additional charge will be applied where a Shipment's destination point is located in a Residential Area. This charge will not be applied in respect of Purolator Express Evening or Purolator Ground Evening Shipments. Rate Application

Rates

Where a Customer has entered into a Services Pricing Agreement with Purolator, the Service Rates and Additional Charges for Purolator services will be determined in accordance with the rate application rules that follow below, subject to the terms of that agreement.

Where a Customer has not entered into a Services Pricing Agreement with Purolator, Customers will be charged a Service Rate, as well as any applicable Additional Charges, as follows:

- For Courier Shipments, the Service Rates are based on origin and destination FSAs. Please refer to Purolator's published list rates available at purolator.com for details.
- For Freight Shipments, the Service Rates are based on city-to-city pairings, or origin and destination FSAs, and are subject to a minimum charge. The Customer is responsible for ensuring that the correct

information required for billing purposes, including without limitation, the weight of a Shipment is declared at the time a Shipment is tendered to Purolator for carriage. Notwithstanding, this obligation, Purolator reserves the right to:

- (i) make any additions, deletions or modifications to its Service Rates and Additional Charges at any time;
- (ii) consolidate a number of individual Courier Shipments travelling, on the same date and at the same time, with the same Purolator service and other identical shipment characteristics, from one Shipper to one Receiver at one address, and the charges for which will be billed to one Customer, into one Shipment under the Bill of Lading. Where five or more individual Pieces are consolidated, the Multipiece charge will be applied to the entire Shipment (see "Shipping Charges – Multipiece");
- (iii) make any necessary adjustments to the charges applicable to a Shipment, where a Customer has failed to provide, or incorrectly provided, information about such Shipment. In such circumstances, Purolator may rate the Shipment on the actual number of Pieces travelling or that travelled through Purolator's courier or freight distribution network, as well as apply any Additional Charges and Taxes applicable to such Shipment, and invoice the Customer an amount equal to the difference between (a) the charges originally invoiced for the Shipment based on the electronic manifest or manual Bill of Lading and (b) the actual Service Rate, Additional Charges and Taxes applicable to the Shipment; and
- (iv) rate the Shipment on the basis of the actual number of Pieces travelling or that travelled through Purolator's courier or freight distribution network and invoice such Customer for the Service Rate and any Additional Charges and Customs Clearance Charges applicable to such Shipment in the event that:
 - a. an electronic manifest or manual Bill of Lading is not available at the time of billing; or
 - b. a Shipper has re-used a Bill of Lading, or tendered a Shipment with a Bill of Lading that has been voided. In addition, Purolator reserves the right to invoice a Customer, on any single Piece Shipment, the greater of:

- (i) the weight declared by the Customer on the Bill of Lading (scale or cubic (dimensional) weight);
- (ii) the scale weight of the Shipment determined by Purolator (see "Tendering Shipments to Purolator – Reweighing, Cubing and Low-Density Shipments"); and
- (iii) the cubic (dimensional) weight of the Shipment (rounded up to the nearest whole number) determined by Purolator (see "Tendering Shipments to Purolator – Reweighing, Cubing and Low-Density Shipments").

In the event the Shipment contains more than one Piece, Purolator reserves the right to invoice the Customer the greater of:

- (i) the total Shipment weight declared by the Customer (scale or cubic (dimensional) weight); and
- (ii) the total actual scale or cubic (dimensional) weight for the Shipment (rounded up to the nearest whole number) determined by Purolator (see "Tendering Shipments to Purolator – Reweighing, Cubing and Low-Density Shipments").

With respect to Freight Shipments, where a Single Shipment has been tendered, a minimum chargeable weight of 640 lbs (approx. 290 kg) will be applied.

In the event that a Customer fails to declare a weight on the Bill of Lading and Purolator fails to reweigh the Shipment, Purolator reserves the right to ascribe to such Shipment an average Shipment weight, and to invoice the Customer on the basis of such ascribed weight.

Rate Quote

Purolator will provide a rate quote for any service upon request by telephone. For Purolator Express or Purolator Ground quotes, a Customer can also visit any Purolator Shipping Centre or prepare a Shipment using an Automated Shipping System. For Purolator Freight quotes, a Customer may send an e-mail to spotquotesfreight@purolator.com, prepare a Shipment at purolator.com, or Purolator E-Ship Server, or visit purolator.com/freight, and select "Request

a Quote" and complete the online request form. Unless otherwise noted by Purolator, rate quotes to Customers are denominated in Canadian currency.

Any rate quoted for a Shipment is an estimate only and is based solely upon information provided by the Customer. The actual Service Rate and Additional Charges that will be applied to a Shipment, and for which a Customer will be invoiced, may vary from the rate quote based on the characteristics of the Shipment actually tendered to Purolator.

Purolator is not liable, nor will Purolator refund or credit Customers, for any discrepancy between the rate quoted prior to tendering the Shipment, and the actual Service Rate and Additional Charges applied to the Shipment. The rate(s) quoted to a Customer will depend on whether such Customer is an Account Customer and what discounts apply to such Customer's Purolator account.

Taxes

Purolator's Service Rates and Additional Charges do not include Tax. The Customer shall pay to Purolator any and all applicable Taxes imposed in respect of the service provided so that Purolator is fully reimbursed by the Customer as required by law.

Customs Clearance Charges

Purolator's Service Rates and Additional Charges do not include applicable Customs Clearance Charges. The Customer shall pay to Purolator's designated customs broker or the Customer's own customs broker, as the case may be, any and all Customs Clearance Charges. The Customer agrees to indemnify Purolator against any claims or liabilities for unpaid Customs Clearance Charges.

Tendering Shipments to Purolator

Bills of Lading

All Bills of Lading generated by Automated Shipping Systems are deemed to incorporate these Terms and Conditions. If a Bill of Lading other than a Purolator Bill of Lading is accepted by Purolator, these Terms and Conditions will be deemed to be incorporated into such Bill of Lading and will be deemed to supersede and replace any terms and conditions appearing on such Bill of Lading. In the event of any conflict or inconsistency between these Terms and Conditions and the terms and conditions set out on a Bill of Lading, these Terms and Conditions will govern to the extent of such conflict or inconsistency.

Customer Representations and Warranties

The Customer represents and warrants that (i) the Shipment will be accurately described on the face of the Bill of Lading and any accompanying documentation; and (ii) where the Customer generates a Bill of Lading for the Shipment using an Automated Shipping System, unless the Customer voids such Shipment/Bill of Lading, the Customer will tender the Shipment described on such Bill of Lading to Purolator. The Customer agrees that where it has generated a Bill of Lading for a Shipment using an Automated Shipping System and such information has been submitted to Purolator, Purolator will charge the Customer, and the Customer will pay, for the Shipment described on such Bill of Lading.

The Customer further represents and warrants that the Shipment:

- (i) will be acceptable for carriage;
- (ii) will not consist of "Prohibited" articles (see "Prohibited Articles");
- (iii) will comply with Purolator's shipping restrictions; and

- (iv) will be properly marked, addressed and packaged to ensure safe transportation in accordance with Purolator's ordinary care in handling and in accordance with all applicable laws including, without limitation, those laws governing the carriage of dangerous goods (see "Purolator Specialized Services – Dangerous Goods (Hazardous Materials)").

Unless otherwise indicated, in respect of any Shipment, the Shipper's (consignor's) name and address is the sender's name and address indicated on the Bill of Lading, and the latter constitutes the place of execution and the place of departure; the Receiver's (consignee's) name and address is the recipient's name and address indicated on the Bill of Lading, and the latter constitutes the place of destination; and the date indicated on the Bill of Lading is the date of execution of the Bill of Lading.

Customs Clearance

For Purolator Ground Services from Canada to the US and Services to Canada from the US and the Rest of the World, Customer's with a pre-existing relationship with a customs broker, may designate that customs broker as the Customer's preferred customs broker and Purolator shall use such customs broker to provide customs clearance services for such Customer, in certain circumstances:

- (i) Ground Export/Import Service: the Customer has the choice of using its preferred broker or the Purolator default broker.
- (ii) Express Export: the Purolator default broker must be used to clear all Express Export shipments.
- (iii) Express Import: The Customer has the choice of using its preferred broker or the Purolator default broker. All Express Import shipments must indicate the broker of choice on every Shipment.

Reweighing, Cubing and Low-Density Shipments

Purolator may, in its sole discretion, round up the weight of any Shipment at the Shipment, Piece, or pallet level, up to the nearest whole number for billing purposes. Purolator may reweigh and/or cube any Shipment at the Shipment, Piece, or pallet level, and recalculate the Shipment charges in its sole discretion, notwithstanding that a weight has

been declared on the Bill of Lading (see "Rate Application"). Purolator reserves the right to apply a dimensional weight to a Shipment, notwithstanding that a weight has been declared on the Bill of Lading.

Where a Customer has entered into a Services Pricing Agreement with Purolator, the cube factor that will be applied to calculate the Shipment charges may be determined in accordance with the cube factor contained in that agreement.

Where a Customer has not entered into a Services Pricing Agreement with Purolator or such agreement is silent on cubing, a cube factor will be applied, as follows:

- 15 lbs per cubic foot (6.804 kg per 0.0283 cubic metres) for Purolator Express Shipments that travel via Purolator's air network (whether in whole or in part); or
- 12.4 lbs per cubic foot (5.625 kg per 0.0283 cubic metres) for Purolator Ground Shipments and Purolator Express Shipments that do not travel via Purolator's air network (whether in whole or in part). The Customer's invoice will indicate if the air cube is applied. Purolator will multiply the applicable cube factor by the cubed (dimensional) weight of each Piece in a Shipment, calculated as follows:

$$\text{* Dimensional weight} = \frac{\text{length} \times \text{width} \times \text{height}}{1,728}$$

$$\text{** Metric equivalent} = \frac{\text{length} \times \text{width} \times \text{height}}{28,316}$$

Any Freight Shipment that occupies a length of 10 ft or more of trailer space will be ascribed a weight of 1,000 lbs per linear foot. If a Freight Shipment cannot be stacked (or has a height of 5 ft or more) or cannot be placed alongside another Freight Shipment in the trailer, it will be ascribed a height or width of 8 ft.

Right to Correct Shipment Label

Purolator reserves the right to make any and all unilateral amendments to a Bill of Lading in order to facilitate

carriage of a Shipment, including, but not limited to altering and reprinting an originally generated Bill of Lading. To effect such change, Purolator may produce a new Bill of Lading capturing the amended information, which would be affixed over top of the original Bill of Lading. Purolator reserves the right to recalculate and to apply additional Shipment or Administrative Charges imposed as a result of any amendment to a Bill of Lading.

Right of Inspection

Purolator reserves the right to open and inspect any Shipment tendered to it for carriage, at any time, without notice. Governmental authorities may also open and inspect any Shipment, at any time, without notice.

Right to Cap/Limit Shipments

Purolator reserves the right to unilaterally cap, or set a maximum amount for, the total volume of Shipments for which it will provide delivery services for a Customer or Customers during designated time periods, including peak volume periods. If the Customer exceeds the cap amount set by Purolator and still provides Shipments to Purolator over and above the cap for delivery during the period in which the cap is in place, Purolator may in its sole discretion:

- Refuse the Shipments from the Customer;
- Accept the Shipments but apply an additional charge for the delivery of these Shipments; and/or
- Suspend all service guarantees that would apply to these Shipments.

Right to Refuse Shipments

Purolator reserves the right to refuse any Shipment, in its sole discretion, including any Shipment that may soil, taint, or otherwise damage other merchandise or equipment, or which is economically or operationally impractical to transport, or which is improperly prepared, packed or wrapped for transport (see "Shipment Acceptance Policy").

Right to Pursue Consequential Damage Claims

Purolator retains the right to request reimbursement from the Shipper for any costs related to the cleanup of, or damage to, its property caused by contents spilling from a Shipment.

Right to Use Agents and Subcontractors

Purolator reserves the right to use agents and subcontractors in the performance of its services. Any exercise of this right will in no way affect Purolator's maximum liability described in these Terms and Conditions (see "Liability of Purolator – Maximum Liability"). Where agents or subcontractors are used, more restrictive size and weight limitations than those set out herein may apply (see "Shipment Acceptance Policy").

Right to Use Alternate Modes of Carriage

Purolator reserves the right to use an alternate mode of carriage for the Customer's selected service and the Customer acknowledges that charges based on such mode will be levied and such Customer shall pay same. In the event: (i) a Customer fails to indicate a mode of carriage on a manual Bill of Lading, or (ii) a Customer indicates a mode of carriage or a shipment option on a manual Bill of Lading that is unavailable, Purolator, in its sole discretion, reserves the right to (a) transport the Shipment by the mode of carriage Purolator deems acceptable; and (b) apply those charges Purolator deems acceptable for the service rendered. Customer agrees to pay the charge imposed. Any exercise of such right to use alternate modes of carriage will in no way affect Purolator's maximum liability described in these Terms and Conditions (see "Liability of Purolator – Maximum Liability").

It is strongly recommended that a duplicate Bill of Lading be inserted in the stretch wrap portion of each Piece in the Shipment.
- (iii) All bar codes applied by the Shipper must be flat and visible on each Piece. Bar codes should not be wrinkled, creased, folded or placed on the Piece(s) in the Shipment in a manner that may make it difficult to scan and/or read (e.g., on corners or uneven surfaces).

Within twelve (12) months of receipt of notice of such upgrade, Customer will complete the certification requirements and then deploy the software upgrade to their production environment.

- (x) to release and discharge Purolator from, and indemnify Purolator against, all claims, actions, demands, costs, losses or damages arising or resulting from such Customer's failure to comply with the requirements set out in the applicable Purolator certification program and/or these Terms and Conditions. The Customer agrees that all Shipments tendered to Purolator bearing the Customer's own (or a third party provider's) label, bar code and Bill of Lading are governed by: (i) these Terms and Conditions (as may be amended by Purolator from time to time); and (ii) applicable law.

The Customer's own (or third party provider's) electronic Bills of Lading must be successfully transmitted to Purolator no later than 10:00 p.m. local time on the day upon which Purolator performs pickup of the Shipment. Where the electronic Bill of Lading is not received in time, Purolator may, in its sole discretion, cease providing services or elect to use alternate methods of billing for the Shipment and apply any applicable Administrative Charges incurred to alternate the billing method.

The Receiver (unless delivered to a Residence) is required to assist the driver in unloading any Heavyweight Shipment. In the event that no driver assistance is available from Shipper or Receiver, the Shipment may be delivered using other forms of delivery at Shipper's cost or the Shipment will be considered undeliverable and subject to the applicable terms and conditions.

In the event Purolator does perform a Heavyweight delivery to a Residence, Purolator will deliver the Shipment to the front door of the delivery address indicated on the Bill of Lading. Please see Purolator's published Rate Guide available at purolator.com for surcharge details.

Please contact Purolator for details. In the event that Purolator unknowingly transports a “Prohibited” article, Purolator will assume no liability whatsoever in respect of the loss, damage, delay, misdelivery or failure to deliver such Shipment. In all other circumstances, Purolator’s maximum liability will be as described in these Terms and Conditions (see “Liability of Purolator – Maximum Liability”).

Shipment Acceptance Policy

The contents of a Shipment must be held firmly in place by the interior (internal) packaging system. Interior packaging must surround the article and prevent movement within the carton to protect carton contents from normal external forces, including pressure exerted by stacking other Shipments on top of it. Sufficient internal packaging is especially important for lightweight and/or fragile Shipments (see “Packaging Guidelines” in the Purolator Service Guide). Shipments not packaged in accordance with Purolator’s shipment acceptance policy will travel at the Shipper’s risk (see “Tendering Shipments to Purolator – At Shipper’s Risk”).

Packaging Requirements Courier Shipments

Shipments must be properly packaged to ensure safe transportation in accordance with Purolator’s ordinary care in handling of Courier Shipments. Plastic casing, aluminum casing or other types of external casing or packaging, the exterior of which may be damaged while travelling via Purolator’s courier distribution system, should be protected by outer packaging.

Defect-Free Carton

A defect-free carton maintains the original rigidity of its corrugated sidewalls. The carton’s corner seals and flaps must remain intact. Carton defects include punctures, tears, rips or corner damage, each of which reduces the carton’s structural integrity.

Defect-Free Carton Closure

Masking or cellophane tapes do not supply the strength necessary to secure Shipments travelling through Purolator’s distribution and sorting system. The minimum acceptable tape is 2” (approx. 5 cm) wide for pressure-sensitive plastic tape. Water-activated or reinforced paper tape is not recommended. The use of string, rope, plastic straps or elastic bands on the outside of a Shipment is prohibited, as is the use of gift wrap or brown postal paper on the exterior of any Shipment.

* Maximum size is calculated as follows: length + (2 x height) + (2 x width).

Strength of Carton

The strength of the corrugated carton is a critical factor in a Shipment’s ability to withstand the normal rigours of parcel handling and carriage. The carton’s class stamp, printed on the bottom of the carton, designates the maximum allowable content weight and is shown as the last number at the bottom of the stamp. The weight of packaging and contents must not exceed 50% of this value.

Cans and Pails

Lid clips or lock rings must be used on all sizes of paint cans. Locking lids must be used on all sizes of pails.

Pallets and Stretch Wrap

Any bulk Courier Shipments may be required to be secured to one or more pallets with stretch wrap.

Freight Shipments

All Pieces in a Freight Shipment must be tendered to Purolator secured to one or more pallets with stretch wrap. Notwithstanding the above, a Freight Shipment secured to a skid with stretch wrap, without Pieces encased in a suitable shipping container, will travel at the Shipper’s risk (see “Tendering Shipments to Purolator – At Shipper’s Risk”). Pallets must be free of damage or defect. Articles secured to a pallet should not hang over the edge of the pallet and there should be no space between articles on a pallet.

Freight Shipments containing Pieces which, due to their bulk, length, width or height, cannot be safely stowed within a trailer, container or on a pallet, will not be accepted by Purolator for carriage.

Freight Shipments

The maximum weight per pallet in a Freight Shipment is 4,500 lbs (approx. 2,041 kg). The maximum height applicable per Piece in a Shipment is 8 ft. If a Freight Shipment cannot be stacked, or has a height of 5 ft or more, or cannot be placed alongside another Freight Shipment in the trailer, it will be ascribed a height or width of 8 ft. Please contact Purolator for details regarding maximum lengths and widths per Piece in a Shipment. Any Freight Shipment that occupies a length of 10 ft or more of trailer space will be ascribed a weight of 1,000 lbs per linear foot. Delivery of Shipments

Delivery

Purolator will deliver the Shipment to the delivery address (or applicable shipping agent locations, where shipping agents are used) indicated on the Bill of Lading. For a delivery to a Residence, Purolator will deliver the Shipment to the front door of the delivery address indicated on the Bill of Lading. Purolator is not required to deliver the Shipment to any particular person, and other points of entry or locations within a Residence, whether or not specifically identified on the Bill of Lading. The Receiver of any Shipment is deemed to appoint the individual who signs for the Receiver's Shipment on delivery as the Receiver's agent to accept delivery on the Receiver's behalf. Purolator reserves the right to withhold delivery of a Shipment and/or return the Shipment to the Shipper (at the Shipper's expense) if a proof of delivery signature, or in the case of an ASR Shipment, Proof of Age, cannot be obtained from the individual present to receive the Shipment from a Purolator driver.

If Purolator is unable to complete delivery of a Courier Shipment (after at least one attempt), a notice of delivery will be left at the delivery address setting out instructions for the Receiver to pickup the Shipment. In the case of a Freight Shipment, if Purolator is unable to complete delivery on the first attempt, the Shipment will be returned to the applicable Purolator facility and Purolator will contact the Shipper for further instructions. If a Freight Shipment is returned to the Shipper, such return will be at the Shipper's expense. In the case of a Purolator Same Day Shipment, if Purolator is unable to complete delivery on the first attempt, Purolator will contact the Shipper for further instructions and, if the Shipper cannot be reached, the Shipment will be returned to the Shipper at the Shipper's expense.

* Maximum size is calculated as follows: length + (2 x height) + (2 x width).

Driver Release for Shipments to the U.S. and Rest of World

At the discretion of Purolator's authorized agent, a Shipment destined for delivery in the U.S. or the rest of the world may be left at a private residence without obtaining a signature. If a signature is required for a Shipment or, if Purolator's agent is otherwise unable to "release" a Shipment, it may be delivered to a neighbouring address and Purolator's agent will obtain a signature from the neighbour when completing an indirect delivery. The Shipper and the Receiver release and indemnify Purolator, on a joint and several basis, from and against any claims or liabilities resulting from an authorized agent driver's release of such Shipment.

Undeliverable Shipments

For Shipments that cannot be delivered for any reason, including, without limitation, errors or omissions on the Bill of Lading, refusal by the Receiver, failure of the Receiver to provide Proof of Age for an ASR shipment, or failure of the Receiver to pick up a Shipment being held for pickup, Purolator may return such Shipment(s) to the Shipper at the Shipper's expense. The Shipper will be invoiced for the original delivery charge, as well as the return delivery.

In the event of an undeliverable Shipment the Shipment shall be returned to the Shipper and shall be subject to all applicable charges including, but not limited to the Signature Required charge.

For Shipments that cannot be delivered or returned for any reason, title to the Shipment(s) will pass to Purolator and such Shipment(s) may be disposed of in Purolator's sole discretion and at any location:

- (i) in the case of Shipments consisting of general articles, where such articles have been in Purolator's possession for 120 days or more.
- (ii) in the case of Shipments consisting of perishable articles, where such articles have been in Purolator's possession for 30 days or more.

The Shipper shall pay any costs incurred and indemnify Purolator for any damages in respect of the foregoing. For

greater certainty, Purolator's maximum liability in respect of any Shipments disposed of will be the maximum liability stated in these Terms and Conditions under "Liability of Purolator – Maximum Liability".
